Western Journal.—The sixth or June No. of this valuable and interesting journal has been received. We can only repeat what we have heretofore said in commendation of this work, that each succeeding No. exhibits a manifest improvement upon its predecessor, and under the control of its present enterprising editors, is bound to rank high among the best journals of the day. St. Louis: published by Tarver and Risk, at \$3 a year.

For the Visitor.

Messrs. Editors:—I would like to call the attention of our city authorities, through the medium of your paper, to the danger which is almost momentarily to be apprehended from the tumbling down of the unfinished frame building at the upper end of Main street. In its present rickety condition, it is liable to fall at any moment, and with the hard winds accompanying the late heavy rains, it has been the great wonder with many that it should continue to stand. The safety and well-being of our citizens demand that the city authorities should take some action in this matter, as it has become very evident the owner will let it rot down. And in order that no accident may happen to either man or beast, I hope to see something done with it in due time.

The above suggestions of our correspondent are worthy the attention of our "city fathers," who, if they have any power in such cases, should see that no more horses are killed by the tumbling down of unfinished dilapidated buildings. There are one or two other cases of the same sort about town, that ought to be looked to by our public guardians.

Vote on the Ratification of the Treaty.—The Senate of the United States having taken off the injunction of secrecy from its members, the following is announced as the official statement of the final vote:

Methodist Property Question.—The Baltimore Sun says the plan agreed upon by the Methodist Church for the arbitration of the property question between the branches North and South, provides for the selection of two delegates by the Conference, to act with a similar number from the Church South, added to another jointly chosen. The five members thus chosen (and not Methodists) are to act as a Board of Arbitration, and their decision is to be final.

ONONDAGA INDIANS.—By the census of the Onondaga Indians, just taken according to the law of 1847, there are of the Resident party 203
Emigrating do 107
Belonging to other tribes 46

An annuity of \$2,400 is paid by New York to the Onondaga Indians, \$1,000 of which is divided among the resident party, and \$1,000 among the party that emigrated to the Allegheny and Cattaraugus reservations, of whom 107 have returned to Onondaga.

DEAD.—We learn from the Boston Post, that Mrs. Olive Bliss, mother of Col. Bliss, the brave soldier and accomplished scholar, died at Lebanon, N. H., on the 2d of June. Col. Bliss was her only child, and on him all her hopes and anticipations seemed to centre. She lived to see her son honored and respected. Col. Bliss visited his mother last winter, after an absence of nearly 7 years.

BRIG. GEN. KEARNEY.—By the army orders for the return of the troops in Mexico, Gen. Kearney is assigned to the command of this division. The first seven companies of the 2d Dragoons, the Mounted Rifle Regiment, and the 6th, 7th and 8th Regiments of Infantry, will assemble at Jefferson Barracks. We will give the order to-morrow.—Repub.

Revenue from Mexico.—During the month of April last, the amount of revenue collected at ports in Mexico, in possession of the United States Naval force, was \$83,619 74. This is independent of collections by army officers and others, acting under orders from the War Department.

GEN. SCOTT.—The Baltimore Sun reiterates the statement that the Hero of Cerro Gordo is to be tried on charges preferred by Gen. Pillow.

The National Intelligencer, of the 12th, says that Gen. Scott is laboring under serious indisposition.

ARRIVAL OF THE STEAMSHIP AMERICA.

ONE WEEK LATER FROM EUROPE.

The English Chartists, having arrived at Liverpool on the 3d inst. She made the trip in only 10 days.

There had been armed assemblages of Chartists and Repealers, in different parts of England, and serious riots had been the consequence.
Business is almost entirely suspended in the manufacturing districts. Mitchell was convicted of treason, and sentenced to be transported for 14 years. He was sent to the hulks at Bermuda.

FRANCE.

The determination to break down organized labor creates great excitement. Emile Thomas, who succeeded Louis Blanc in the administration of the Ateliers Nationaux, has been superseded and sent, under guard, to Bordeaux.

Warlike demand his restoration, but the National Guards have thus far preserved order.
Blarqui has also been arrested.
The National Assembly and the members of the Provisional Government have settled their difficulties, and become reconciled. It has been determined that the members of the Provisional Government must attend the sittings of the National Assembly when forty member desire it.

Louis Blanc's part in the conspiracy of May 15 has been fully established, and the proper authorities have applied to the National Assembly for liberty to prosecute him.
The Chartist disturbances at Manchester and London were suppressed immediately by the issuing of an order by the police prohibiting the meeting.

The condemnation of Mitchell had caused great excitement throughout the country. His family had been adopted by the Irish nation.
Framer.—The villa of the Rothschilds was burned by incendiaries, in pursuance, it is thought, of a system, the details of which were found among Blarqui's papers, for destroying the credit of the Bourgeoisie, by rendering the possession of property insecure.

Miscellaneous.—The Austrians had defeated the Milanese near Lake Ilice. The Danes had obtained the victory over the Germans at Sundersitz. The Germans retired, having lost upwards of a thousand men and their artillery.

KILLING OUTLAWS.

On Saturday last, Mr. John Latta, Deputy Marshal, with a company of men, surprised the notorious outlaw, Matt Gerring, at the house of Ellis Starr, near Evansville. Gerring attempted to escape, when he was fired upon and killed. Eleven balls entered his body—he had cocked his unerring rifle, but was shot in the arm at the first fire, and was thus disabled and prevented from shooting any of the company.

On Sunday morning a party of about 60 Indians came upon Big Neck Ellis Starr, at the house of Dr. Sloan, and killed him. On the evening of the same day, the same company killed Wash Starr, and they are in pursuit of others of the same gang.

These were all notorious outlaws. They had committed innumerable crimes on both sides of the line, and were refugees from the laws of Arkansas and the Cherokee Nation.

Gerring was a white man, the Starrs were mixed blood Cherokees. The notorious Tom Starr is still at large, and we will never have quiet on this frontier until he is disposed of.

Exportation of Specie.—Five hundred and forty-nine thousand dollars were exported yesterday to Europe. The United States took \$450,000, and the packet ship St. Nicholas, \$99,000, for Havre.—N. Y. Herald.

The Philadelphia correspondent of the New York Sun says, writing under date of the 4th, "Gen. Worth's division, it is stated on good authority, is to be ordered to California."

Enormous Losses.—The Paris correspondent of a London paper states that Mr. James Rothschild estimates the losses of the house of Rothschild by the late revolutions in Europe, at two hundred millions of francs.

For Cuba.—A merchant on the levee sold about 2,000 bushels of potatoes, most of which are intended to be shipped, on speculation, to the island of Cuba.—Oregon.

The vomito is said to be very bad at Vera Cruz, and it is feared that our gallant army will suffer severely when crowded into that city on their embarkation.

Cut bushes that you wish to destroy in the summer, and with a sharp instrument—they will bleed freely and die.

From the Arkansas Intelligencer, June 12.

INDIAN ITEMS.—Col. A. H. Rutherford has returned to the Superintendency, with funds for the "Treaty Party" of the Cherokees, amounting, the Fort Smith Herald says, to \$10,000.

Little John Rogers, a Cherokee, was killed near Fort Gibson, by Shadrach Cordery. The latter was accused of kidnapping some Seminole negroes, and Rogers was endeavoring to arrest him, when he was shot by Cordery.

Charge of Kidnapping.—A Mrs. Wilson was arrested and brought down to Fort Smith on last Sunday, charged with kidnapping Seminole negroes. Upon examination before Justice Pearson, she was discharged.

Foul Murder.—Creek Starr and Isaac Gann, half blood Cherokees, killed a Cherokee woman, near Evansville, on the 27th. Gann is a deserter from Capt. Enyart's company of volunteers, now in Mexico.

Armed Parties.—Several armed parties, composed of whites and Cherokees, passed through this city, during the past week, in pursuit of the refugee Outlaws, who are now being rooted out at their strong hold, on the line near Evansville. The citizens of the State and of the Nation have taken the matter in hand in real earnest, and from the stirring business they done last Saturday and Sunday, we have great reason to believe that they will soon rid the country of this banditti.

FRIEND, WHAT IS YOUR HOPE OF LIFE HERE WITH.

Are you willing to lose ten years of it for the concentrated wealth of nations? No! Then why will you trifle with your health? Use efficient means to remove that cough—neglected, it may prepare your way to an early grave. How many hundreds before you have been hurried through the several stages of that dread disease—consumption—down to the tomb, by their postponement of the proper remedies to remove it in its incipient state. Their hours for happiness and their lives shortened, when a few dollars timely used in the purchase of Dr. WIS-TAR'S BALM OF WILD CHERRY, would have restored them again to health, and the active enjoyment of society. Go immediately, and procure a bottle of this excellent medicine, and waste no longer the opportunity of doing well.

"Truth is Strange—Stronger than Fiction."—Five years ago, had any person, in a gossiping mood, related the wonderful cures performed, simply using Dr. Bragg's Sugar-coated Pills, they would have been looked upon as little less in exaggeration than Baron Munchausen, or the famous Gulliver. Yet, strange as it may appear, to those unacquainted with their curative virtues, these pills have performed more cures in all the prevalent diseases of the country, than any other medicines that have ever been introduced to the public; in proof of which thousands of persons are now living, and luxuriating in the fulness of perfect health, who can testify to this fact. The reason is obvious. These medicines are prepared upon scientific principles, and in strict conformity to organic and physiological chemistry, and the inevitable consequence is, that if they are taken in time, and according to the directions, they cannot fail to remove disease. Monthly Bulletin, No. 6.

THE SASSAPARILLA COMPOUND of this company is almost literally a sulphate of Sarsaparilla. So highly concentrated is it that the dose is but the half of a regular medicine, while the dose of that which is sold in large bottles nearly a wine glassful. In addition to Sarsaparilla, it contains a powerful concentration of Mandrake, Queen's Delight, Elder, Yellow Dock, Guaiacum and other important ingredients which are not found in any other preparation.

The Queen's Delight, which forms an essential ingredient in the Greenberg Sarsaparilla Compound, is probably superior to Sarsaparilla itself. Professor Frost, of Charleston, S. C., speaks of it as follows, in the Southern Journal of Medicine and Pharmacy: "Few vegetable productions exhibit more power upon the system generally. So powerfully is its action exerted upon the capillary and secretory vessels, in changing their morbid state or conditions and disposing them to a new and healthy action, that it is greatly to be preferred." &c., &c. He further adds "that it is in chronic diseases and chronic inflammation, and also in the long train of consequences that follows syphilis, that its efficacy is best exhibited."

The superiority of the Greenberg Sarsaparilla Compound may be stated thus:

1. It is compounded of a number of the most efficacious vegetables in the whole range of the materia medica in addition to Sarsaparilla.

2. These are so highly concentrated that there are so many more doses in the bottle than in any of the very large bottles ever advertised.

3. This concentration renders it to Sarsaparilla what quinine is to Peruvian bark. The more diluted preparations are no better than ordinary root beer, soothing on the stomach and settling in the bottle. To use a weak infusion of Sarsaparilla when a sulphate of the article may be had is like taking bark instead of quinine, or like travelling in a scow against a strong current instead of in a swift steamer.

These things being so, let all who have made up their minds to use any Sarsaparilla, use that of the Greenberg Company. It is warranted to be ten times more efficacious than any other known; no matter how large the bottle or extravagant the advertisement. As SPRING MEDICINES, the Greenberg Vegetable Pills, the Greenberg Health Bitters, and the Greenberg Sarsaparilla Compound should supersede all others. For universal use the Pills and Bitters are of incalculable value. Those who take them need not fear the enervating effects of summer which is at hand.
